Solvay Specialty Polymers, USA Has Longstanding Commitment to Helping Children & Families

Since 1988, Solvay Specialty Polymers, USA and Robins’ Nest have enjoyed a tremendous community partnership. Over the past 23 years, Solvay has helped to raise over $800,000 to benefit children in Southern New Jersey with their sponsorship and assistance of the Robins’ Nest Annual Golf Event. Not only does the corporation support the event financially, many Solvay employees have volunteered to help plan the event and even more have participated by golfing.

In addition, Solvay employees show their generosity and dedication by contributing to Robins’ Nest through their annual United Way campaign and volunteering their time and talents to the agency.

Robins’ Nest is truly grateful for the remarkable commitment that Solvay Solexis and their employees have made to the children and families in our community. With their help Robins’ Nest can continue to protect children, strengthen families, and empower our communities through innovative, life-enhancing services.

About Robins’ Nest
Robins’ Nest is a private, nonprofit 501(c) (3), children’s services organization committed to healing the scars caused by abuse and neglect, strengthening families, and solving the problems that cause pain and suffering for so many of New Jersey’s children. Our programs build on family strengths, link families with resources and encourage self-reliance.

This is accomplished through a wide array of quality, community-based residential and in-home services, which encourage and empower children to become responsible members of the community.
The agency employs over 225 therapists, clinicians, psychotherapists, nurses, and other staff to administer over 40 programs to more than 9000 children and families annually. Robins’ Nest serves the seven counties of Southern New Jersey through its main campus in Glassboro, N.J., and satellite offices in Egg Harbor Township, Elmer, Salem City, Sewell and Vineland.
